When? September 14th, 2011 at 7:30pm Where? Friendly Connections, 4134 Williams Drive, Georgetown (indoors)

Our popular Basic Course has all the essentials for a well behaved pooch! Includes: attention/eye contact, sit, down, come when called, stay, leave it, go to your bed/place, walking politely on leash, heel, greeting people politely and much more! A huge added benefit is the socialization and relationship building your dog will receive at the class as well. Your dog may already know a few of the commands, but basic courses are great places to "fine tune" your bond and skills together. Exposure to different people, places and smells is great for puppies and adult dogs. Dogs that have signed up for the Georgetown Animal Shelter class may join this class at the same, discounted rate.

A perfect intro to training and socialization for your new family member! This class is open for puppies between 10-20 weeks of age. Your puppy will socialize with other pups of different breeds and sizes. Puppies will be taught how to feel comfortable and accept physical handling by strangers. Bite inhibition training (gentle mouth) will continue so that your puppy will know the limits and boundaries of their mouthing behavior. Basic obedience skills such as sit, down, come, stay and leave it will occur while off-leash. Puppy class will also address and assist in positively shaping specific temperament and behavior issues such as fearfulness, bullying, etc. Start your new life together on the right paw with puppy class!
